VICE PRESIDENT'S REPORT

- Bob gave us a trail update. He said the trails had been mowed and looked nice. He did not see too many areas that need heavy brushing, worst area over by Lake. He did voice some concerns regard new paved section up by Ashton. He said they raised the trail and it was quite narrow with steep sides; his concern is that it would be easy for tractor/drag to slide off when grooming. He said new metal signs were put up with lag bolts. Also he said they used netting to plant grass and that there were areas where he felt it could get hooked up on groomer drags and become problematic for groomer operator this winter. Sarah to send Benjamin Dietrich, DNR Cadillac Office an email to voice those concerns.
